Instructional Update

As a result of water damage, a decision was made to pivot to virtual learning October 18th through 22nd.

The majority returned to Face2Face instruction 10/25 with grade 4 remaining virtual until we have expert opinion on a safe return.

We are making decisions based on only factual and timely information for rebuild expert who can advise us on safe guarding our students and staff.

Anytime we are advised for staff to not be present we will advise our staff and community in a timely manner.

Health and Safety

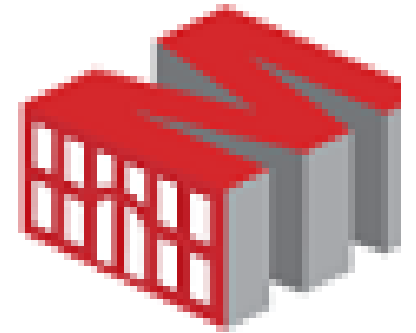

Positive Cases and Quarantine

10/03 – 10/09	0	2
10/10 – 10/11	3	70
10/17 – 10/23	0	20

COVID Testing

- Through a strategic partnership with MAKO Medical Laboratories students, staff and family members can get free COVID PCR testing Monday and Wednesday 8-10 am
- Testing began on September 20th
- We wish to increase our student and staff participation.

Virtual Learning Option

Quarter 2 Virtual Learning Option registered 76 students
